A Message from Our Pastor

UPCOMING EVENTS FOR FEBRUARY 2016

King James Bible – Inspired Word of God

Greetings to all!

The Bible is the world's best seller, so much so that Mr Rupert Murdoch has the rights to many of the new age bibles in print today and why not? There's money to be made, it's a business and profit to be had.

However, there is only one Bible in print today and there is no copyright it's free to all to copy and read just as God planed so – it's called the King James Bible. Many have printed their versions of the bible and you can see for yourself in the bible book shops around your town. If you know as I do that there is one God, then how can there be so many versions of His Word? One God, one Word of God.

My message for this month's edition of the newsletter barely scratches the surface of the deceit to be found in these so called modern versions of the bible. If you dare to look, you will find thousands of changes, whole verses taken out, thousands of words completely removed causing whole passages of scripture to say and relate completely different meanings and some of these passages are salvation-related. What I'm saying is these translations are a plan hatched in the depths of hell for the last days.

Other versions also compromise the very meaning of the following very important subjects:

- Blood of the Lamb
- Deity of Christ both as God Man and God Almighty manifested in flesh
- Baptism in Jesus' Name
- Holiness
- Sanctification

There are many other major Bible teachings that have been altered in the modern versions.

Please understand that there is only one way to heaven, one way to the Father and only one way to be saved.

My plea is to consider the Word of God and check out the truth, you will be amazed by what you see and astounded at the depth of the deception uncastrated on mankind in these very last days before the Lord's return. I do beseech you, in Jesus' Name, all of you loving Christians who have loved your God and been faithful to His calling, just stop for one moment and see for yourselves.

NIV, New King James, Revised, LB, NT and all the rest are fabrications of the truth, with only one purpose in mind, the designer is Satan, the profiteers are the publishers and the loser are the ones who have been beguiled by this modern day nonsense. You can either make them all rich in their own greed and, in so doing, give place to the devil; or take a couple of hours and do your own study and see for yourself the truth of the Lord God Almighty.

There are a lot of truth-loving people who have printed many books on this major topic. If you would like further information on the matters, please don't hesitate to contact us.

In closing, love your King James Bible. It's the Book that God has kept for the last days. It's precious and, if they of the evil one have their way, it will be harder to get but never impossible, as God has ordained His Word, even in our wicked days.

Kind Regards

Pastor Barry Henderson

Hang in there, it's worth it!

A testimony by Bro Michael Travers

After many years being backslidden and lost to the world, I found myself broken and lost. I'm so glad that Jesus called me back to him. When I returned, there was something different about me, this time (for the first time ever) I was real. I had decided in my heart that I was going to live my life fully for Jesus no matter what.

I had lost absolutely everything to world: my fiancé, my car, my motorbike and also my job. I was unemployed for a year after returning to church. I often whinged to Pastor Barry about the fact that I felt destitute and forgotten. He told me that God is working on the inner man, which is far more important.

It took me a while to not only fully grasp this concept but to also accept and, furthermore, to actually appreciate that. After many job interviews for mediocre jobs, I kept getting rejected. There came a point where I just accepted it and learnt to be content. Jesus blessed me with a job that, for me, is a dream job that I've always wanted, with amazing benefits and one that doesn't interfere with my ministry.

The moral/lesson of this testimony is: trust God with all our hearts and lean not on our own understanding. I've already found myself (in this job) in stressful situations where in previous years I would have thrown in the towel or reacted in a dangerous way (spiritually speaking), whereas the work that God was doing on the inner man has taught me how to handle life's curve balls and to continue on growing in the ways of God. I'm so blessed.
